During the current year the Bridge School building has been moved and renovated so that it is now hygienic and comfortable for the pupils and a model which the district should be proud of, and for which the district should work for the other school buildings. The grounds have been surveyed and the fence has been partially built, and will be completed as soon as possible in the Spring. The Carr School building has been painted on the inside. The walls and the ceiling of the Elm School building have been whitened and the cupboard arrangements have been changed to more nearly meet the existing needs of the school. The True School building has been whitened on the inside and painted on the outside.

During the coming school year the following things are worthy of careful consideration:

1. The repair or the replacement of the fence at the Carr School.

2. Some grading in front of the Elm School house to make the access in a wet time more comfortable. At times now one, on getting from the road to the building, will of necessity wet his feet unless protected by rubber boots.

3. An enlargement of the play ground at the Elm school by purchase of land and building a fence.

4. The completion of the laying of the hard wood floor at the Elm School.

5. The repair of the underpinning and the use of a small amount of paint on the inside of the True School building.

6. The installment of a jacketed stove in the Carr or the East School building.

We believe that our schools are doing an efficient year's work. We welcome questions and suggestions from the town's people at any time. We appreciate the spirit of co-operation that exists. The new superintendent wishes to express his appreciation for the cordial manner in which he has been received into the school work.

Standard tests have been applied in the schools to help determine whether the schools as a whole and the pupils as individuals measure up to the standards set by the State Board of Education.

We submit the following facts concerning the current school year, 1925-1926:

Schools opened August 31 except the Bridge which opened a week later, with the following enrollment:

Bridge 23, Margaret Corbin teacher
Elm 26, Lora Merrill teacher
True 8, Edith Ladd teacher
Carr 16, Anne C. Cassidy teacher
East 13, Ruth H. Greenleaf teacher

Number of pupils registered in the 8th grade	8
Number of teachers who are training school graduates	3
Number of teachers who are summer school trained	2

We recommend that the following amounts be appropriated at the 1926 annual meeting of the school district:

For the support of elementary schools	$7,500.00
For secondary school tuition	2,000.00
For salary of district officers	450.00
For per capita tax	272.00
For repairs	800.00

Respectfully submitted,

CAROLINE C. BAKER,
R. TOLFORD PIPER,
HARRY W. WELCH,

School Board.

Note—The discrepency of $9.68 between receipts and expenditures for the year 1924-1925 is not explanable. A sufficient effort has been put forth by the school board to find an explanation. It is evident that some time during the school year an unrecorded expenditure of that amount took place. The school board's books and the district treasurer's books agree exactly as to the amount of cash on hand June 30, 1925.
